

THRONE ROOM
PRACTICE

Come and Bow Down

In the throne room practice you are going to visualize a throne room where the spirit of the immortal King dwells. You choose to come to the throne room in worship and reverence to the King where you are now in supplication and submission so you are changed by the glory of the King so the presence of the King fill your life.

I raise the King of Glory
in my life, in honor,
reverence, adoration
and worship.

Consecrate me and
heal my life. May the
presence and
provision of the King fill
my life. I bow down
and worship you.
King of Glory come in.
