

GATES

www.nicolegayle.com

In this practice you are going to invite the King of Glory to enter into the gates in your life.

The main gates are:

Money

Manifestation

Man

Mission

The inner hero that isn't raised and harmonious cannot stand watch over your gates. Additionally, there are 7 breaches that cause war to enter into your gates from the "enemy" of:

1. Lack of integrity
2. Lack of trust
3. Dishonor/disrespect
4. Unforgiveness
5. Self abandonment
6. Negative beliefs/fears
7. Impatience

What keeps these gates open so the King enters in:

1. Deep Awe/Worship
2. Surrender/Submission
3. Reverence
4. Honor
5. Trust
6. Devotion
7. Heart/soul sovereignty

Meditation

You are going to move the energy from programmed personal connection to masculine energy that's filled with distortions into multidimensional connection to masculine energy.

Listen to the King of Glory Gates
Meditation music while doing this practice.

Inhale into your body, exhale into the room
Inhale, exhale into your home
Inhale, exhale into your neighborhood
Inhale, exhale into your city
Inhale, exhale into your state/province
Inhale, exhale into your country
Inhale, exhale into the earth
Inhale, exhale into space
Inhale, exhale into the multidimensional
masculine

Once you are at the multidimensional masculine, visualize that you are now at the Gates of the King.

Next visualize your gates you want the King to enter into your life:

Gate 1: Masculine/man

Gate 2: Money

Gate 3: Manifestation

Gate 4: Mission

Raise your hands to open your inner gates and invite the King of Glory in. See the King moving through your gates.

Say out loud: "I invite the King of Glory to enter into:"

The gates of sacred union in my life now

The gates of sacred masculine in my life now

The gates of sacred money in my life now

The gates of sacred manifestation in my life now

The gates of my sacred mission in my life now

After inviting the King of Glory to enter into your gates, bring the energy to ground you to the planet.

Bring the energy down into your root chakra at base of spine.

Move the energy further into connecting with Earth Chakra 10.

Move the energy down further into the planet so that you are now grounding it to the planet, see yourself moving 10 feet down into a pink lotus flower and say: “I am divinely strongly, powerfully connected to the beloved Mother Earth of (insert country)”
